Meaningful, valuable conversations that “*make stakeholders think*”, based on “*knowing your stuff*” and communicating your ideas, are the most impactful way to engage colleagues, customers and even the public.

Whether your audience is recognizing a need for you to upgrade your knowledge in a specific Therapeutic Area, a need to upgrade your Management, or Communication skills, or a need to be able to discuss specific topics such as *Market Access, Evidence Based Medicine, Launch Life Sciences Products, or Pharmacoeconomics, CCPE-CFPC courses will do the job. About 50,000* course registrations have helped Healthcare Industry Employees meet the challenge laid down by their stakeholders.

In a historical first, BIOQuébec and CCPE-CFPC are partnering to provide you with an opportunity to benefit from outstanding Professional Development programs at CCPE-CFPC corporate member prices. As a non-pharma BIOQuébec member or non-pharma BIOQuébec member company employee you save 50% on most of the course catalogue – you get CCPE-CFPC Member price! **In fact, your cost savings may pay your BIOQuébec membership for the year!**

See the [course catalogue](#) for course overviews, to look at their tables of content and get prices.

You benefit by the co-op nature of CCPE-CFPC.
